Howdy y'all! Shani here!

Got a yard? You wanna plant something you can eat there? I know you do. Why? Because you know you spend too much time at the supermarket and pay too much money for bland tomatoes. You want crisp tomatoes. Run down your chin tomatoes. Add a little bit of salt and it's perfect tomatoes. You have a yard and it's covered with buttercups- You can't eat buttercups! So email me, because:

I'm your edible landscaper. I am your consultant, designer, and if you want, I'll install and maintain the plants for you.

I'll design your edible landscape based on your goals!

Wanna be a homesteader but don't know where to start? Want to have chickens but don't know what to do? I'm a farmer! I have a dual degree in Agroecology! I can help! Want: To save \$ on food? To save time from shopping? To enjoy nature in the backyard? A chill area for friends and family? Healthy Food?

Berries? Veggies? Tree Crops? Viners? Herbs? Natives? Animals? Honey? Composts? Cover Crops? Greenhouses?

Let's Do It!

Consultation and Design = \$45/hour Installation and Maintenance = \$35/hour for the six month package We'll start with your soil. We'll analyze your:

- Soil Organic Matter
- pH
- Soil Type
- Microbial Life

And talk about what it all means

Shoot me an email if you're interested at TastySoils@gmail.com Lettuce get coffee.

Lettuce check out your property.

Lettuce turn your yard into something delicious.

Insert Logo Here

We'll consult the land and sky using a:

- SunPath Chart of your property,
- Topographic Map
- Hydrological Map
- Soil Map

We'll create your edible landscape. You'll walk away with:

- A Design map
- A plant sheet
- A planting and harvest calendar
- · The price sheet list for your materials
- · Instructions for subsequent plant care
