

OUTREACH ANNOUNCEMENT

SEASONAL FISH JOBS

The South Zone Fish Program of the Salmon-Challis National Forest will be filling several seasonal fish positions. The positions will run from approximately June 10 to August 9 and will involve working 40 hours/week. Two of the positions may extend through September 27 depending on funding. The positions will be stationed at the Lost River Ranger District in Mackay, Idaho. This notification is being circulated to inform prospective applicants of this opportunity and how to apply.

Position Duties

The primary duties will be as follows:

- Performing fish population assessments in streams and lakes
- Implementing fish protection and restoration projects
- Evaluating fish habitat
- Monitoring livestock grazing
- Performing trail maintenance work
- Conducting bull trout redd surveys
- Compiling and analyzing fish data

This work requires that employees are in good physical condition, capable of hiking up to 12 miles a day in steep and rugged terrain, capable of carrying up to 50 pounds over long distances, able to use hand tools such as a shovel and pulaski for long periods of time, and are capable of working in water for extended periods.

Housing

There is no government housing available and employees will be required to find their own housing. Rental units in the Mackay area are limited and rates generally range from \$400-\$800/month.

How do I Apply?

These positions are being filled through an open, continuous, on-line application process at www.usajobs.gov. Applicants may start the application process by going to www.usajobs.gov, entering the announcement number (listed below) under Search Jobs, and then clicking Search.
