

2014 WATER AND HEALTH CONFERENCE: WHERE SCIENCE MEETS POLICY

OCTOBER 13-17
CHAPEL HILL, NC, USA

The 2014 *Water and Health Conference*, organized by The Water Institute at UNC, considers drinking water supply, sanitation, hygiene and water resources in both the developing and developed worlds with a strong public health emphasis.

In 2013, the Conference brought together 500 people from around the world. Participants had the opportunity to attend over 220 presentations and 30 networking and workshop events, and engage with some of the world's leading water and sanitation experts.
