A Noetic Sciences Lecture Series The Evergreen State College, Spring & Summer 2017

In preparation for **the total eclipse of August 21, 2017**, we are hosting lectures and events to raise awareness of science, story, and sustainability, and to discuss questions central to our understanding of science, technology, the arts, culture, human thought, and the role of citizen science to empower diverse individuals and communities at this time in history.

Solar eclipse viewing glasses will be given away at events, courtesy of Russ and Cheryl Genet.

For more information, contact Rebecca Chamberlain: chambreb@evergreen.edu

This series is made possible by: The Evergreen State College Foundation Noosphere Award; Astronomy and Cosmologies; and Cosmology: Science, Wisdom, and the Future.
