UPON COMPLETION OF THIS COURSE YOU WILL HAVE GAINED AN UNDERSTANDING OF:

Overcoming Fitness is implenitudinist—it views the world as a place of missing or omitted organs, organizations, life forms, agencies, properties and events. It sorts through the nonexistent.

An omission is an omission because its admission would be more than beneficial. Thus ‘missing’ means sorely missed. Potential works fill the air. But how many, once realized, would be salubrious? And of the salubrious few, how many prospects actually fall within one’s competence (if compete we must). Bringing life about (as we’ve learned from studying our local instance of life-on-earth) is harrowing and most improbable. Thus, Overcoming Fitness represents that slimmest chance favoring ineluctable life always yet to exist.

Aren’t things fine the way they are? Maybe so, but (I contend) only if a lack of means makes change untenable. Inconvenience is almighty! It is oppressive. (My co-workers claim that I’m able to remove the ease from even the easiest tasks—even from the automatic, the involuntary and Second Nature.) Are the given conditions, whether human made or ‘unmade’, indeed inexorable? Ours to revere or revamp?

Overcoming Fitness both conceives and constructs. A work is not conceived until constructed. Until constructed, too little is known about a work to conceive of it. Word/deed dichotomy is eliminated, or, fused.
Is this an emergency or merely urgent? Is there enough time to undo infrastructures from within or should I just take to the street? I don't want to simply be voluntarily disadvantaged.

Our meddling has reached the core. Thus, time-honored adaptation has too little time to react. This is the case for Social Darwinism as well.

Overcoming Fitness desecrates the zero-sum landscape. It reinvents incentive. It attempts to construct a viable model of benevolent behavior to set against the volatile model proposed by today’s so-called ‘compassionate conservatives’ with their carnegie-method of responsible contribution by the disproportionately rich.

For Overcoming Fitness to indeed be viable, it must be as proof oriented as it is poetic. To this end, Overcoming Fitness extends through the soft, speculative, social, hard and exact sciences to generate further scientific types, such as the Sore, Oversensitive, Insecure, Insensitive and Subtle Sciences. The role of these sciences is to provide an alternative ‘fulfilling’ description of human being. Why, are the other physical models unfulfilling? Decide for yourself, but with or against fitness as optional.

Inheritance is already being forced to respond to our works. May poetry determine phenotype! Poetry doesn't ask why two white rabbits don't produce a red rabbit but why two white rabbits don't produce a putto.

Sweet, humbling ingratitude.

Ungrateful about what, exactly? Fitness and apoptosis (programmed cell death) are synonymous. We struggle to survive because we ultimately don’t survive. We already have this inheritance. It’s given. Why work for it? That’s what I mean! Fitness is the opportunity to die without using its occasion for further ends.

As a theory, Overcoming Fitness is physically absurd. Nonetheless, it works. It agrees with a world we must not live without. Max Planck
once described his mechanics as ‘an act of desperation’. Though the quantum concept allowed him to obtain expressions that agreed beautifully with experiment, he recognized that his quantum assumption was physically untenable. Or as Gregor Mendel, without an understanding of meiosis or the particulate unit (the gene) of inheritance, could none-theless accurately observe the patterns of genetic transmission in garden peas.

Just yesterday, I was speaking with a biologist friend, describing my implenitudinist practice. With more sympathetic skepticism than I’m accustomed to receiving from her sector she exclaimed: ‘Well, you’re going to have to stretch the boundaries of science pretty far to get that overfitness to fit.’ My immediate response was to point out that the boundaries of poetry, in all likelihood, would have to be stretched even further.

THE FOLLOWING IS AN ANNOTATED LIST OF A VARIETY OF MISSING SOCIAL SERVICES AND OMITTED AGENCIES CURRENTLY BEING DEVELOPED:

BUREAU OF MATERIAL BEHAVIORS

DEFINITION Correlating and de-correlating (1) the microstructure of material, (2) the behavior of material and (3) human behavior and then designing a desirable environment accordingly.

KEY WORDS micro-management, human-material age, untried verbs

BOOTH FOR RETROFECTION

DEFINITION This booth uses an audio input known as a poetry pop-in to set off an aesthetic reaction capable of logosome activation. The logosome—the fusing of logo-centric song/verse and originary Logos (that which manifests matter)—selects the new somatic mutation produced by this fusion and sends it through the germ barrier and into perpetuity. If art influences physiology, if artwork influences the envi-
ronment, artwork influences the genome. How and to what extent? The process, start to finish, is called aurivoce.

KEY WORDS  logosome, aurivocal, artwork as non invasive genetic recombination, volitional evolution

OUTBUILDINGS FOR INADMISSIBLE DISCIPLINES

DEFINITION  Many missing disciplines remain missing because of a lack of customized meeting place. Many missing behaviors persist as missing because their furnishings have yet to be realized. Provide the appropriate place and the practice will follow. Cure for chronic interloping and commodity scavenging: design.

KEY WORDS  stealth building, parasitic pod, vestigial envelope, permitted obstructions, levitated lair, docked department, cantilevered counter-club-house.

REFRIGERIUM FACTORY

DEFINITION  A refrigerium is a place of refreshment. A provisional paradise where all there is to take care of is being taken care of. Paradise has always been one artificial containment or another. (Secondary definitions of refrigerium: a commemorative meal; an offering placed on a tomb, a place mat).

KEY WORDS  habitations, in bonis, knowledge of future happiness, sleepers

PEACE DIVIDEND  PICKUP SPOT

DEFINITION  $305,000,000,000 for Pentagon National Defense spending divided by the adult population of the United States would equal one possible peace dividend portioning. If peacetime buildup of arms is the cause of war, the only cause of peace is more war. In fact the dividend should not simply be distributed individually like a Republican tax cut. The Peace Dividend Pickup Spot would work
best as a place of community-oriented debate (with dividend money in hand) for conjuring sorely missing services. Government giveaway for novel civic incentives.

KEY WORDS rescission, transfer of funds, reprogramming

COMIC WARFARE TRAINING CENTER

DEFINITION Appropriating the zero sum terms of military strategy for expediting comic (drastically fortunate) civilian outcomes.

KEY WORDS attrition sweeping, phortikostics, confusion agent, dud probability, imboscata

GYM FOR OVERCOMING FITNESS

DEFINITION Supplanting physical fitness with manual skills practiced directly upon the omitted world—world-as-wish—the poetic plentitude.

KEY WORDS redirection of exercise, autogamy, grace

CLINIC FOR VESTIGIAL ORGAN STIMULATION

DEFINITION Recovery of the senses and physiological functions excluded as the body sealed around itself. Trace physiologies engaging faint physical environments.

KEY WORDS reaccomodation, alloreceptor, confectionary

ZOO OF FAVORABLE THROWBACK SAFE RETURN

DEFINITION Past portents. Now that the environment is changing too fast for adaptation to react, even people are already throwbacks. New dormancies. Haven for the rudely deleted.
KEY WORDS  reevolve, instinction, de-dominance

BUREAU OF MISSING BEHAVIORS

DEFINITION  Just as certain building types remain missing because their functions are yet unknown, certain functions are unknown because their behaviors are still untried. Which way of acting will bring about an unbelievable benefit? All the disciplines of the fictitiousness of theater used to attain real being.

KEY WORDS  anti eugenics of gestures, space of all possible combinations, instant custom

OVERFACILITATION  FACILITY

DEFINITION  Suddenly supplied. The sense that there is too much wind at your back. That kind of dilemma—over provisioning. The need to complete works expediently enough to keep from falling over forward into the waste of perfectly good materials and momentum. As distinct from the covetousness of capital and donation by the ultra rich, implantation of a grassroots watchful eye focused on emergency apportionment of available properties, products and personnel.

KEY WORDS  omnia sunt communia

POETRY OUTSOURCE

DEFINITION  Poets ‘placing’ themselves by pursuing new roles, omitted modes of operation and revenue generation at once provides perfect architectural specifications for a location out of which such modes may be facilitated. Outsource simply means taking the role of the poet out into the society in novel and necessary ways as well as taking into poetry concerns, resources, substances and practices ordinarily considered extrinsic to poetry.

KEY WORDS  poetry beyond recognition, unboundaried, intangible equipment, pleromatic plan
PLAN FOR THE ERADICATION OF DOWNPAYMENT

DEFINITION  Borrower over banker security. Toward the condition of a voluntary (if at all) renter population. Completed privatization—occupancy, use, monthly payment makes the place yours. For example, maybe homes should be priceless while the monthly payment to the bank made by an unlimited series of owners is set ridiculously low.

KEY WORDS  *O.O.O* (*only occupant ownership*)

SECULAR SACRAMENTS

DEFINITION  Loan Forgiveness, popular beheading of Corporation-Individual, etc. The solemnization of a necessary, ‘comic’ course of action and its concomitant materials. Without which, it can’t quite happen. The key or critical difference in commitment. Democracies missing rituals and victuals.

KEY WORDS  *efficacious act, proper malediction, set aside*

VIATORE VOMITORIUM

DEFINITION  Sick of being-not-yet. A place to go for the elimination of undesired traits, impediments, self-concocted toxins and chronic behaviors that should be missing. Recognition of and respect for the violence of the ‘passing’ process.

KEY WORDS  *ontology sanitation, upchucking fitness*

ANACHRONISM GENERATOR/ACCLIMATOR

DEFINITION  Working toward a richness of modalities. Generation of new, current anachronisms, not befitting the times, as well as recovery of already outmoded modes. Backward, wayward as onward. Not just ‘bicycle’, ‘buggy’, ‘backwoods’ or ‘benedictine’ but ‘pleistocene’, ‘blasto-
cyst’, ‘philistine’, ‘pristine’ or ‘pre biotic’. Anachronisms that never were to begin with.

KEY WORDS  *apocatastasis of all types, peaceable*

**LAB FOR THE SORE, OVERSENSITIVE, INSECURE, INSENSITIVE AND SUBTLE SCIENCES**

DEFINITION  Extending the soft (social or philosophical) sciences out through the hard and exact sciences with a probity based equally on poetics and proofs.

KEY WORDS  *full circle science*

**INFORMED INFORMAL SECTOR SURGE**

DEFINITION  Format for public input into all professions. Counter specialization. Contrary to polarization of disciplines. In contrast to the popularization of disciplines, the precisioning of publics.

KEY WORDS  *civic intelligence, national curiosity asset*

**HYPOTHETICAL POST**

DEFINITION  All the news that’s missing or should have happened. Missing Behaviors Daily.

KEY WORDS  *portentous reporting, daily presentiment.*

**POETRY PRIVATIZATION DETOX**

DEFINITION  Like commerce, creativity has also been to a great extent ‘privatized’. Ward for non self-interested prosody. Poetry subsumed in other acts.

KEY WORDS  *poetic poultice jacket, civic solipsism*
CHIASMA CONSULTATION

DEFINITION  Free-arts made servile, servile acts given free reign.

KEY WORDS  involuntary fulfillment, completing the contrary, indigence disburdening, deliverance by demand

INSTITUTE FOR OMITTED IDIOMS

DEFINITION  Just as certain agencies remain missing because their functions are yet undiscovered, certain peoples and places remain missing because their constituent idioms are unrecognized or underdeveloped. [Note: Globalization will bring down the arbitrary geopolitical boundaries and inadvertently unearth regional speech patterns and speakers fit for non affinitive bonding that will serve as basis for the Fair World, as distinct from our Free(for all)World.]

KEY WORDS  under-utterance, gurgling grammars

INSTEAD INC.

DEFINITION  Development of business models opposing organizations proven oppressive. Other than the given. Not that. In particular, economy for the noncommodity. A living contradiction. Such economy creates and safeguards such noncommodity. Economy for the oddity. Econom-oddity. Economic oddity. Marketing the unmarketable. If commodity is survival, how to make a noncommodity and thrive.

KEY WORDS  polycontrariety, imagination's advocate

NOVEL GENOME REPOSITORY

DEFINITION: One of a kind lifeforms, even lifeforms without genomes! Can a new species be unrelated to all other species? Non meddling in knowns. Leaving well enough as known in order to near unknowns.
KEY WORDS divergence, saltation, evolvability, sentiment-limit, xenogenesis, post-adaptive

COUNTRY IN COMMEMORATION OF NUANCE

DEFINITION Country set aside for subtilization of incentive. Senses reopened by Oversensitive Sciences. Whether such a world once was or never was, constructively facing its nostalgia seated deeply within us.

KEY WORDS world imploded into unworldly, tender intervention, tacit dictation, better than it gets

SALTATION CITY

DEFINITION City offering unprecedented goods and services, such as those distinguished in the partial list above. Life springing from nonlife (getting the lead out) each step of the way.

KEY WORDS barzakh, cities of the intermediate world

The invention of further functions along with their realization as architectural concept qualifies these agencies as both artworks and instances of retrofection. Furthermore, construction of an agency vicariously constitutes an epic poem—how we ever got to this point as told by ‘remedy’. Each service is a fragment or replacement part of a missing materiality that nonetheless completes that entire materiality under the rule of thumb that ‘any point of wholeness renders the whole whole’. In this way these services are compatible with (non-encroaching upon) any other attempts to implement satisfying sorely missed social goods. This list is also amenable to others’ adaptations, appropriations, adoptions, alterations, extensions or customizations of the idea of missing agency. Fire must be fought with something hotter than fire. These counter agencies proposed by an ordinarily poetic practitioner undercut omissive society with the same commercial, material and organizational tools and tactics with which the omissions are typically committed. The weapon ‘hotter than fire’ is of course comedy. These are to be buildings put in
place with a great deal of levity (defiance of the forces). Levitated buildings. The levity runs to the core. For, once these indispensable services are constructed, even then, once they are working certain wonders, it will still be impossible to tell whether their realization had all along only been a farce. Success can be that sweet! The missing service supposition: there are further functionalities so terribly novel that their delineation may indeed undo the divide between creativity and creation. I’m not saying that non retrofectionary artworks commonly confound function because they have no clear vision of function (the way poetries might confound language because their meaning is weak enough to allow them to do so); but I am saying that, directly underfoot, there are unidentified functions so ludicrous and suitable that they, by way of their extreme accommodation, are amply disequilibrising (without knocking us off our feet), more than creative and heritable to boot. That’s comedy! A breeze.
ANGEL OF EXTINCTION (masked as sustainability)

Keep this secret:
suspense not sustenance sustains us.

The worst system to have ever worked out for the better is
is.

(Even cheaper than not wanting one at all.)

(Without baring you teeth.)
say “everything I have is yours”.

Do everyone a favor.

Living forever already is. We just can’t
get its host to react other than

detrimentally.

The dark and blinding data surpasses or
subtracts adaptation with each act.

I’m a carpenter and I can only write about
what I can write about.

It’s irritating to me as a scientist—
people unadventurous departures from reality,

reckless jargon borrowers.

Which of the following is fatal to our kind:
A  use; B  misuse; C  disuse;

E  unattempted usurpation?

(While lack of earth—environment bypass—
will be equally inherited by each.)
ALLELE OF INSTINCT (enough untried body parts to be buried in)

I’m a carpenter and I can only write about what I can’t write about.

(People are too sentimental to modify.)

Uncommodified
we’d be living much shorter lives.

Why accept a body when you could be relishing thoroughly theoretical biology?

Exulting in painstakingly poetic biopsy?

Dark and blinding data— instructs those struck by the need to design instruments

the data can’t be sensed without.
The good life by now if not at the time.

What keeps us from thinking our first parents weren’t harmed by the elements?

(It wouldn’t be nostalgia then would it.)

So very little longing for that which is not.

To all those (no one) more moderate than I:
the detail at which I see what is not—

a disease to be unable to merely modify.
If you dispute the claim that it’s a fatal

love with that with which you make,
restore us ‘on time’, as never before.

Though circumstances beg for less.
